#### Warning

International Calls and Roaming are barred by default on all connected services and available to credit approved customers on request with a \$200 advance fee. International Roaming is very expensive for all types of call messaging and data. If you are concerned about the cost of International Roaming, you should not enable this service and enquire about a local service in the country in which you are traveling. Customers who use International Roaming should be particularly careful about data roaming costs. Unless required, you should ensure data roaming is not enabled in your handset. International Roaming call charges normally take much longer to appear in your account. You should carefully monitor your usage to avoid high bills.
